# COMMITTEE ON PUBLIC WORKS AND TRANSPORTATION

TOMMY WELLS, CHAIRPERSON  
FISCAL YEAR 2012 COMMITTEE BUDGET REPORT

---

---

**TO:** Members of the Council of the District of Columbia

**FROM:** Councilmember Tommy Wells  
Chairperson, Committee on Public Works and Transportation

**DATE:** May 11, 2011

**SUBJECT:** **Draft** Report and Recommendations of the Committee on Public Works and Transportation on the Fiscal Year 2012 Budget for Agencies Under Its Purview

The Committee on Public Works and Transportation (“Committee”), having conducted hearings and received testimony on the Mayor’s proposed operating and capital budgets for Fiscal Year (FY) 2012 for the agencies under its purview, reports its recommendations for review and consideration by the Committee of the Whole. The Committee also comments on several sections in the Fiscal Year 2012 Budget Support Act of 2011, as proposed by the Mayor and recommends that additional Budget Support Act sections be added.

## **D. SUMMARY OF COMMITTEE BUDGET RECOMMENDATIONS**

### **DEPARTMENT OF PUBLIC WORKS**

#### Operating Budget Recommendations

- **Restore Sweepercam Contract** – Increase Program 5010 by \$300,000 using revenues raised from increased RPP fee increases.

### **DEPARTMENT OF TRANSPORTATION**

#### Operating Budget Recommendations

- **Maintain \$1 fare on the DC Circulator** – Increase WMATA subsidy agency operating budget by \$435,000 for program code “BUS1”.
- **Shift available budget authority from DDOT operating to WMATA** – Increase WMATA operating budget authority by \$6.265 million (\$2.265 million to code “BUS1”, \$3.0 million to code “PARA”, and \$1 million to code “RAIL”)
- **Transfer funds to WMATA for necessary Metrobus frequency enhancements** – Increase WMATA subsidy agency operating budget by \$400,000 from Project CG312 (Non Personal Services, Fund 330)
- **Restore six FTEs to Policy, Planning, and Sustainability Administration** – Increase DDOT FTEs by six and increase operating funds in PPSA by \$600,000 from Fund 330, Project CG311, Non Personal Services.
- **Restore five FTEs to Traffic Operations** -- Increase DDOT FTEs by five and increase operating funds and budget authority by \$274,074 to Program TOTM (Traffic Operations and Traffic Management) to support traffic safety and enforcement.
- **Fund a Bait Bike Theft Deterrence Program at MPD** – Transfer \$50,000, including \$40,000 in non-personal services, to MPD.
- **Dedicate Capital Bikeshare Advertising revenue to the DDOT Enterprise Fund for Transportation Initiatives** – Decrease DDOT local funds by \$500,000 and increase DDOT special purpose funds by \$500,000.
- **Maintain Operating Funds for Pedestrian and Bicycle Advisory Councils** – Transfer \$20,000 from project AD306C, Fund 330 (\$10,000 to each Council) on a quarterly basis.
- **Restore Performance Parking Funds** – Create a new dedicated fund to properly retain and account for performance parking revenues certified at \$750,000 for FY12.

#### Capital Budget Recommendations

- **Fund Green Alleys Initiative** – Create a new local capital project with \$1 million transferred from \$150,000 balance within EDS03C, \$350,000 balance within EDL14C, and \$500,000 NPS from CG314C.

- **Fund Capital Bikeshare Expansion** - Create a new local capital project with \$2 million from unneeded fund balance from Project EDS03C Fund 300.
- **Adjust Streetcar Project Phasing** – Adjust funding between planning, design, construction, and equipment phases.
- **Transfer Funds to Department of Parks and Recreation to meet immediate needs in District Neighborhood Parks** – Transfer \$80,000 in operating funds to the Committee on Libraries, Parks and Recreation.

## **DEPARTMENT OF MOTOR VEHICLES**

### *Operating Budget Recommendations*

- **Database reprogramming to allow RPP fees increases** – Increase activity 1040 funding by \$225,000.
- **Add one FTE to Adjudication Services** – Increase personal services by \$93,461.

## **DC TAXICAB COMMISSION**

- No Recommendations

## **WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION**

- No Recommendations

## **WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY**

### *Operating Budget Recommendations*

- **Increase DC's WMATA operating subsidy to avoid service reductions** – Increase WMATA operating subsidy budget authority by \$6.265 million, leaving \$4.308 million remaining DC gap at WMATA.
- **Enhance alternate Metrobus service to mitigate impacts of the DC Circulator route elimination** – Increase WMATA subsidy by \$400,000 from DDOT Project CG312 Fund 330, Non Personal Services.

## **SCHOOL TRANSIT SUBSIDY**

- No Recommendations.

## II. AGENCY FISCAL YEAR 2012 BUDGET RECOMMENDATIONS

### A. INTRODUCTION

The Committee on Public Works and Transportation, having reviewed the Mayor of the District of Columbia’s proposed fiscal year 2012 budget and financial plan for each of the agencies under its jurisdiction, reports its comments and recommendations for consideration and further action by the Committee of the Whole. The Committee also comments on Subtitles A through C of Title VI and on Title XI of the Fiscal Year 2012 Budget Support Act of 2011, as submitted to the Council. The Committee also recommends additional Fiscal Year 2012 Budget Support Act of 2011 Title VI Subtitles D through I.

The Committee on Public Works and Transportation is responsible for matters relating to highways, bridges, traffic, vehicles, maintenance of public spaces, taxis, recycling, waste management, water supply, wastewater treatment, and regional public transportation issues.

The agencies that come within the purview of the Committee on Public Works and Transportation are the Department of Motor Vehicles (“DMV”); the Department of Public Works (“DPW”); the District of Columbia Taxicab Commission (“DCTC”) and the District Department of Transportation (“DDOT”).

The Committee also exercises oversight over the District of Columbia Bicycle and Pedestrian Advisory Councils; the Soil and Water Conservation District; the Washington Metropolitan Area Transit Authority (“WMATA”); the Washington Metropolitan Area Transit Commission (“WMATC”); the Water and Sewer Authority (“DC Water”); the Washington Aqueduct; and the School Transit Subsidy.

The Committee held a total of six oversight hearings on FY 2010-2011 performance of the agencies under its jurisdiction. The Committee also held a total of six hearings on relevant sections of the Fiscal Year 2012 Budget Request Act of 2011 and the Fiscal Year 2012 Budget Support Act of 2011.

#### Hearing Dates:

FY10-FY11 AGENCY PERFORMANCE OVERSIGHT HEARINGS	PUBLIC HEARINGS ON THE FY12 BUDGET REQUEST AND SUPPORT ACTS OF 2011
<b>February 22, 2011</b>	<b>April 11, 2011</b>
District of Columbia Taxicab Commission	District of Columbia Taxicab Commission
<b>February 28, 2011</b>	<b>April 13, 2011</b>
District Department of Transportation	Department of Public Works
<b>March 7, 2011</b>	<b>April 18, 2011</b>
Department of Motor Vehicles	Department of Motor Vehicles
Department of Public Works	Washington Metropolitan Area Transit Authority
<b>March 9, 2011</b>	<b>April 21, 2011</b>
Washington Metropolitan Area Transit Authority	District Department of Transportation

The Committee received comments from members of the public during these performance oversight and budget hearings. Copies of witness testimony on performance oversight are included in this report as *Attachment A*. Testimony for budget oversight is included as *Attachment B*. A video recording of the hearings can be obtained through the Office of Cable Television or at *oct.dc.gov*. The Committee welcomes public input at any time on the agencies and activities within its purview.

An Errata letter from the Mayor is included in *Attachment C* and is incorporated in the Committee's recommendation by reference.

**1. COMMITTEE ANALYSIS AND COMMENTS**

**a. Agency Mission and Overview**

The mission of the Department of Public Works (DPW) is to provide environmentally healthy municipal services that are both ecologically sound and cost effective.

DPW provides municipal services in two distinct program areas: environmental services/solid waste management and parking enforcement. Both contribute to making District streets and public spaces clean, safe, attractive and accessible for more than 600,000 District residents on a daily basis.

DPW's Solid Waste Management Administration performs a number of daily operations including trash and recycling collection, sanitation education and enforcement, graffiti removal, public littercan service, fall leaf collection, and street and alley cleaning.

DPW's Parking Services Administration is responsible for enforcing the District's on-street parking laws. Approximately 200 parking officers monitor 17,000 meters and 3,500 blocks of residential zoned parking. In addition to routine enforcement, the Parking Services Administration is charged with booting and towing operations and with removing abandoned vehicles from public and private property.

DPW is also the lead agency for the District's emergency snow response.

**b. Mayor's Proposed Fiscal Year 2012 Operating Budget**

**Proposed Operating Budget Summary**

The Mayor's proposed budget for the Department of Public Works is \$127,607,000, a 3.8% increase from DPW's 2011 budget of \$122,987,000:

**Committee Analysis and Comments**

The Committee recommends approval of the Mayor's proposed DPW operating budget with the changes detailed below in section 2.

The Mayor's FY12 budget proposal for DPW has a net increase of 3.8%, but this includes additional responsibilities, most significantly a \$5,322,454 transfer from the District Department of Transportation for snow removal efforts. Thus, DPW faces significant cuts despite having a budget increase.

The Mayor's proposal cuts \$4.7 million through service reductions, efficiencies, and re-negotiated contracts. This includes reduction of 6.2% in full time equivalent (FTE) positions or 88 FTEs. Director Howland testified that city services would not be affected due to these cuts and that he and his staff will create efficiencies within the agency to continue providing the same quality services to District residents.

Of greatest concern to the Committee is the elimination of 12 FTEs from the booting division, 32 SWEEP inspectors, and four vacant parking control officer positions. All of these positions raise revenue and play an important role in maintaining clean neighborhoods or managing the District's parking supply.

Because the Office of Revenue Analysis would not recognize any revenue from restoring these positions, the Committee is unable to fund them. Although the Committee remains concerned that these cuts will disrupt DPW services and reduce District revenue, Director Howland has assured the Committee that DPW will maintain services and meet revenue targets despite these significant staffing reductions.

The Committee is concerned that the Mayor's FY12 proposal for DPW does not include funding for replacement recycling and trash containers, which are nearing the end of their useful life. The Committee was not able to identify funds to pay for this program.

**c. Mayor's Proposed Fiscal Year 2012-2017 Capital Budget**

**Proposed Capital Budget Summary**

DPW's capital program supports the Department's efforts to provide municipal services to District residents and businesses. The Mayor's 2012 total proposed Capitol budget for DPW is \$26.2 million, which includes \$18.8 million in GO Bonds and \$7.4 million in Equipment Leases.

DPW's capital program objectives are to ensure DPW fleet equipment will be available for the agency's core services and maintain replacement cycles to maximize cost savings on fleet maintenance, and to provide safe and clean facilities for DPW employees to perform work that ensures the cleanliness of the District's residential neighborhoods, high-visibility commercial areas, gateway corridors and industrial zones.

### **Committee Analysis and Comments**

The Committee approves the Mayors Proposed FY2012 Capital Budget as submitted.

## **2. COMMITTEE RECOMMENDATIONS**

### **a. Fiscal Year 2012 Operating Budget Recommendations**

#### **1. Restore Sweepercam Contract**

*The Committee has identified \$300,000 for DPW to renegotiate the sweepercam contract.*

The Mayor's 2012 proposed budget eliminates a contract for the use of the sweepercams. Sweepercams issue parking tickets by mail to illegally parked vehicles that block street sweeping routes. This improves street sweeping performance, which results in less trash and toxins on District roadways, stormwater, and District waterways. It also minimizes disruptions to street parking because vehicles are not ticketed once the street sweeper has passed a given block.

Director Howland testified that DPW would revert to using parking control officers to ticket vehicles instead of using the sweepercams. This would make parking unavailable to residents and visitors for more hours of the day, and result in vehicles being ticketed even after a streetsweeping has taken place. This approach would also limit the ability of parking control officers to enforce other priority residential and commercial parking rules.

### **b. Fiscal Year 2012 Capital Budget Recommendations**

The Committee recommends approval of the Mayors Proposed 2012 Capital Budget as submitted.

### **c. Policy Recommendations**

#### **1. Eliminate older vehicles and expand Fleetshare**

The Committee recommends DPW eliminate vehicles that are more than 10 years old and enter additional vehicles into the fleetshare program. This

will allow DPW to save maintenance dollars that then can be used for additional Fleetshare vehicles to fill the gaps for agencies that lose their older vehicles.

**2. Publish cost drivers for public record by October 15, 2011**

Cost drivers are an initiative that Mayor Gray, as Council Chair, mandated District Agencies to produce to identify efficiencies and inefficiencies within an agency. The Committee has attempted on numerous occasions to obtain cost driver data for DPW and has yet to receive any data. The Committee recommends that DPW prioritize cost data driver release and publish it by October 15, 2011.

**3. Develop recyclable materials recovery targets strategy**

The Committee recommends DPW develop a strategy for meeting the targets mandated by D.C. Official Code § 8-1006, which requires DPW to remove 45% of waste stream through recycling. The Committee requests a report detailing this strategy be submitted to the Council by October 1, 2011.

**4. Composting study and collaboration with DC Water**

Composting is an efficient way to keep waste out of our landfills. DC Water is building a Digester designed to produce energy from compostable materials, including yard waste. The Committee requests DPW coordinate with DC Water on a report by Dec. 31, 2011 that outlines potential collaborative efforts, using the Digester and other methods, to reduce the amount of materials that enter the waste stream.

**5. 64 gallon supercan for recyclables**

The Committee requests a plan from DPW, by January 1, 2012, identifying a funding source to make supercan recycling bins available for any household in the District in order to accommodate increased household recycling volumes.

**6. Produce quarterly citation reports**

The Committee recommends DPW produce quarterly reports that identify the number of citations written by the remaining SWEEP inspectors, booters, and parking enforcement officers in order to monitor if the Agency is able to maintain necessary enforcement through performance improvements.

## **1. COMMITTEE ANALYSIS AND COMMENTS**

### **a. Agency Mission and Overview**

The mission of the District Department of Transportation (“DDOT”) is to enhance the quality of life for District residents and visitors by ensuring that people and goods move safely with minimal adverse impact on residents and the environment.

### **b. Mayor’s Proposed Fiscal Year 2012 Operating Budget**

#### **Proposed Operating Budget Summary**

The Mayor’s proposed budget for DDOT is \$124,956,000, a 28.6% increase from last year’s budget of \$97,199,000.

#### **Committee Analysis and Comments**

The proposed budget implements a Council initiated conversion of DDOT from an agency that is primarily funded by special purpose revenue to an agency primarily funded by local revenue.

The proposed DDOT operating budget is significantly larger than previous years because it has absorbed a number of functions previously budgeted within the District’s WMATA budget, including:

- Locally-funded Metrobus routes
- DC Circulator operations
- School Transit Subsidies
- Fare subsidies for East of the River bus routes

The Mayor’s budget also includes a \$15,470,670 and 302.3 FTE shift from capital to the operating budget.

The Committee recommends approval of the Mayor’s operating proposal with the changes enumerated in section 2a below.

### **c. Mayor’s Proposed Fiscal Year 2012-2017 Capital Budget**

#### **Proposed Capital Budget Summary**

The Mayor’s proposed six-year local capital budget for DDOT is \$473,959,000, including \$84,938,000 in FY12.

The Mayor’s proposed six-year Federal capital budget for DDOT is \$1,023,348,000, including \$ \$170,558,000 in FY12.

## **Committee Analysis and Comments**

The Mayor's FY12 capital spending proposal represents a significant decrease from FY11 spending levels. This reduction is primarily due to unusually high FY11 appropriations to the 11<sup>th</sup> Street Bridges Project. Generally, the local roads program is consistent with FY11 funding levels.

A primary area where the local capital program has increased is in tree services, including tree planting, pruning, and removal.

In addition, the 6-year capital program substantially expands DC government streetcar investment.

DDOT's federal capital program, for the first time, uses pooled projects, which are proposed to be allocated to specific federally-funded capital projects by the CFO during the year. This was done in an effort to provide the Council with accurate budget information, despite the fact that the specific project information depends upon approvals by the regional Transportation Planning Board and Federal Highway Administration after Council budget approval. DDOT testified that more details on the Federal program will be available prior to Council approval of the FY12 budget.

The Committee recommends approval of the Mayor's capital proposal with the changes enumerated in section 2b below.

## **2. COMMITTEE RECOMMENDATIONS**

### **a. Fiscal Year 2012 Operating Budget Recommendations**

#### **1. Maintain current fares on the DC Circulator.**

*This recommendation will cost \$1.106 Million. The Committee recommends that \$1.106 Million be directed to the WMATA operating budget from certified revenue of \$435,000 raised from increased residential parking permit (RPP) fees (described in BSA recommendation for the "Residential Parking Permit Amendment"), and from \$671,000 in "DC Uncommitted Funds on Account" at WMATA.)*

The Mayor's budget proposal called for a 100% increase in cash fares for the DC Circulator (from \$1.00 to \$2.00) and a 50% increase in SmarTrip fares (from \$1.00 to \$1.50). As the Circulator extends east of the Anacostia River for the first time, FY12 is an inappropriate year to impose this dramatic fare increase.

The Committee recommends that any DC Circulator fare increase be addressed in coordination with FY13 consideration of Metrobus fare increases. Further, the Committee recommends that such Circulator fare increases be addressed only after Council consideration of the DC Circulator Transportation Expansion Plan, which will come to the Council for approval in FY11. This will allow the DC Circulator fare to be considered in the context of broader Circulator planning and analysis.

**2. Intra-District Funds from DDOT to WMATA subsidy agency.**

*This recommendation will send \$6.265 million to the WMATA subsidy agency from budget authority in the DDOT operating budget.*

In coordination with the CFO and Mayor's office, the Committee has determined that \$6,265,353 of local revenue will be available to fund a portion of the WMATA operating subsidy. The funds will be transferred from DDOT to WMATA through an intra-District Memorandum of Agreement. The Committee recommends that the WMATA Subsidy agency, KE0, shall have its intra-District budget authority increased by \$6,265,353. The Committee also recommends that the DDOT appropriation for the federal Highway Trust Fund grant be increased by \$6,265,353 to account for this new budget authority.

**3. Transfer Funds to WMATA for necessary Metrobus frequency enhancements.**

*This recommendation will transfer \$400,000 from Fund 330 in Project CG312 Non Personal Services to WMATA in order to provide additional frequency on proposed 74 and V8 routes.<sup>1</sup>*

The proposed elimination of the North South Circulator Route will impact public transportation service levels in some areas. This funding will be available to enhance service frequency on Metrobus alternatives to minimize impacts for DC Circulator customers.

**4. Restore seven FTEs to Policy, Planning, and Sustainability Administration (PPSA)**

*This recommendation will add \$600,000 and restore six FTEs to DDOT's Policy Planning and Sustainability Administration by transferring \$600,000 in Fund 330 from Project CG311 Non Personal Services.*

---

<sup>1</sup> This funding to the WMATA operating subsidy cannot be considered as part of the gap closing at WMATA because it is necessary to increase performance in areas where the DC Circulator has been eliminated.

The Committee recommends that these FTEs be assigned as follows:

- Three FTEs to fill currently vacant Ward Transportation Planner positions for Wards 2<sup>2</sup>, 3, and 5. Ward Transportation planners play a vital role in making sure DDOT’s plans are consistent with community goals and ensuring coordination across a diversity of DDOT planning efforts within each Ward.
  - Two FTEs as design review specialists to focus on Preliminary Design Review Meetings, zoning review, and review of street construction plans to ensure consistency with community planning results. Preliminary design review meetings serve as an opportunity for DDOT to negotiate private developer investments that will reduce stormwater runoff through low-impact design. The meetings also provide DDOT with an opportunity to ensure that private developments promote enhanced bicycle and pedestrian safety and support a safe and vibrant public realm. This funding is consistent with proposals in DDOT’s Stormwater Action Plan, and will support a proposed move toward mandatory preliminary design review meetings for developers.
  - One FTE to serve as DDOT’s parking manager. DDOT has numerous critical parking initiatives waiting to commence or waiting for proper implementation. These include performance parking zones, loading zone management, additional enhanced residential parking protection pilots, potential new performance parking zones, and potential programs to expand visitor parking and day pass options. These initiatives have great potential to enhance parking options for residents, visitors, and shoppers, while also generating additional revenue.
- 5. Restore five FTEs to Traffic Operations**  
*This recommendation will add \$274,000 and restore five FTEs to DDOT’s Traffic Operations Administration funded with \$270,000 in certified revenue from these recommended positions and \$4,000 from increased RPP fees (described in BSA recommendation for the “Residential Parking Permit Amendment”).*

---

<sup>2</sup> The Ward 2 transportation planner position shall not supplant DDOT plans to dedicate PPSA resources toward downtown travel demand management and congestion management downtown.

This increase Traffic Management capacity will allow DDOT to improve congestion management and enforcement against safety violations. These staff are expected to focus on enforcement related to pedestrian, bicycle, and traffic safety. This additional capacity is also needed as DDOT prepares to address enhanced loading zone management and improved bus zone enforcement and abuse of handicap placards.

**6. Fund a Bait Bike - Theft Deterrence Program at MPD**

*This recommendation will cost \$50,000. The Committee recommends transferring \$50,000 to the Metropolitan Police Department from revenue raised from registration and license fee increases (described in BSA recommendation for the “Reciprocity Registration Amendment).*

This program will deploy bicycles equipped with radio frequency transmitters. Police will be able to track the bike’s location after it has been stolen, which will allow police to track down the culprit. Similar programs have been popular in other jurisdictions because of their success in catching bicycle thieves and generally deterring theft.

**7. Dedicate Capital Bikeshare Advertising to the DDOT Enterprise Fund for Transportation Initiatives**

*This recommendation will transfer \$500,000 from local revenue from DDOT operating funding to the general fund to balance the dedication of \$500,000 in local revenue from Capital Bikeshare advertising to the DDOT Transportation Enterprise Fund for Transportation Initiatives.*

**8. Maintain Operating Funds for Pedestrian and Bicycle Advisory Councils**

*This recommendation will transfer \$10,000 to the District Pedestrian Advisory Council and \$10,000 to the District Pedestrian Advisory Council to support operations of these volunteer two bodies created by DC Law. Funds will be transferred from project AD306C through a Memorandum of Agreement with between DDOT and each Advisory council. Funds shall be transferred to each Advisory Council on a quarterly basis. After the initial quarterly transfer, funds shall be transferred only after submission to DDOT and the Committee of a spending report from the previous quarter.*

**b. Fiscal Year 2012 Capital Budget Recommendations**

**1. Fund a Green Alleys Pilot Initiative**

*The Committee recommends creating a new capital project, titled Green Alleys Initiative, and transferring \$150,000 of unneeded funds on balance from Project EDS03C and \$350,000 of unneeded funds on balance from Project EDL14C (both described in the BSA recommendation titled “Transportation Capital Project Reprogramming Amendment”). An additional \$500,000 shall be transferred from FY12 capital project CG314C. An appropriate number of FTEs shall be added to this capital project.*

The project will serve to develop green alleys with permeable surfaces, alley trees, LED lighting, and other low-impact design techniques. This project will allow DDOT to address additional District alleys in need of maintenance and repair while reducing stormwater run-off and energy consumption. The funds in this project shall be available for all work associated with the development of green alleys.

**2. Capital Bikeshare Expansion**

*The Committee recommends creating a new local capital project titled Capital Bikeshare and transferring unneeded fund balance of \$2,000,000 from Project EDS03C Fund 300 as identified in the BSA recommendation titled “Transportation Capital Project Reprogramming Amendment”.*

This project will serve to accelerate expansion of the Capital Bikeshare program by funding roughly 40 additional stations throughout the District. Stations shall be located both to provide greater accessibility to areas that are not currently served by Capital Bikeshare and to expand supply in areas that merit additional service based on current usage.

**3. Adjust Streetcar Project Phasing**

*The Committee recommends a revenue-neutral phasing adjustment for project SA306 in order to align the project with DDOT’s planned streetcar expenditures. The Committee’s proposed funding is shown in the following chart:*

Roll Up Total	FY 2012	FY 2013	FY2014	FY2015	FY 2016	FY2017	
00 Planning	\$ 3,923,400	\$ -	\$ -	\$ -	\$ -	\$ -	<b>T O T A L</b>
01 Design	\$ 5,145,200	\$ -	\$ -	\$ -	\$ -	\$ -	
02 ROW	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	
03 CE	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	
04 Construction	\$ 6,331,400	\$ 10,654,000	\$ 9,850,200	\$ 3,400,000	\$ 12,300,000	\$ 12,100,000	
05 Equipment	\$ 9,600,000	\$ 2,646,000	\$ 8,149,800	\$ 6,600,000	\$ 4,200,000	\$ 4,400,000	
<b>TOTAL</b>	<b>\$25,000,000</b>	<b>\$13,300,000</b>	<b>\$18,000,000</b>	<b>\$10,000,000</b>	<b>\$16,500,000</b>	<b>\$16,500,000</b>	<b>\$99,300,000</b>

4. **Restore Performance Parking Funds**

*The Committee recommends creating a new non-lapsing special purpose fund to receive Revenue and budget authority dedicated by law for performance parking zones. This recommendation redirects \$750,000 in parking meter revenues proposed for WMATA special purpose revenues, thus the Committee recommends directing \$750,000 to WMATA to maintain the existing subsidy levels. This \$750,000 is raised from \$671,000 from funds certified from the BSA recommendation titled “Residential Permit Parking Amendment”; \$40,000 from certified from the BSA recommendation titled “Reciprocity Registration Amendment; and \$39,000 from using revenue certified from BSA recommendation titled “Curbside Parking Protection Amendment”.*

Funds required for performance parking zone investments were improperly directed to the WMATA operating subsidy in the Mayor’s FY12 proposal. This action would rededicate these funds without drawing additional funding from the WMATA operating subsidy.

5. **Pressing Neighborhood Parks Needs**

*The Committee recommends transferring \$80,000 to the Committee on Libraries, Parks and Recreation in order to fund pressing neighborhood park needs using funds certified from the BSA recommendation titled “Reciprocity Registration Amendment.”*

These funds will support pressing needs communicated to the Committee for several neighborhood parks including necessary lighting, planning, and infrastructure.

c. **Policy Recommendations**

1. **Convene a Local Highway Trust Fund Task Force**

The Committee recommends that the DDOT convene a task force to explore opportunities for generating new local revenue to match Federal transportation funds.

Local gas tax revenues dedicated to the local highway trust fund continue to decline. By FY13, the local highway trust fund is expected to face a deficit, risking a situation where the District cannot provide the 20% local match for Federal transportation funds.

2. **Prioritize dedication of easements for Untreated Anacostia Watershed Stormwater Storage**

DDOT's immediate cooperation is necessary to establish easements for DC Water to begin detailed designs for a stormwater storage tunnel. The Committee requests a letter from the DDOT Director, no later than July 1, 2011, establishing an aggressive timeline for dedicating such easements and identifying any regulatory or budgetary barriers in meeting this timeline.

3. **Accelerate implementation of the DC Circulator Transit Development Plan**

Upon Council approval of the DC Circulator Transit Development Plan, the Committee recommends that DDOT should establish a working group to identify and recommend funding opportunities to accelerate implementation of the plan.

4. **Examine School Transit Subsidy efficiency options**

The Committee recommends that DDOT develop proposals for reducing the cost of School Transit Subsidies, including options for:

- Using limited subsidy funds for students who are most in need;
- Ensuring that subsidies are used for trips relating to school activities; and
- Ensuring that reduced-cost transit privileges can be revoked if abused.

5. **Implement streetlight energy efficiency standards**

DDOT continues to operate and install streetlights that are inefficient and produce significant light pollution. The Committee recommends that DDOT accelerate efforts to identify more energy-efficient streetlights that comply with modern light pollution standards.

6. **Initiate M Street S.E./S.W. Transportation Study**

The Committee received confirmation from DDOT that the M Street S.E./S.W. transportation study will be funded in FY12 through the Federal program. The Committee supports swift action to begin this study and expects to see the contract process initiated by Dec. 1, 2011.

7. **Double the Number of Capital Bikeshare Stations in 2 Years**

DDOT indicates that additional local funds recommended by the Committee will be sufficient to achieve a doubling of the bikeshare program in two years when combined with DDOT's plans for Federal and private contributions. The Committee requests a letter from DDOT by October 1, 2011, identifying a strategy and timeline for doubling the number of bikeshare stations in 2 years.

## **1. COMMITTEE ANALYSIS AND COMMENTS**

### **a. Agency Mission and Overview**

The mission of the Department of Motor Vehicles is to provide excellent customer service and to promote public safety by ensuring the safe operation of motor vehicles.

### **b. Mayor's Proposed Fiscal Year 2012 Operating Budget**

#### **Proposed Operating Budget Summary**

The Mayor has proposed a budget of \$37,974,000, a 1.1% reduction of last year's budget of \$38,386,000.

#### **Committee Analysis and Comments**

The Mayor's proposal maintains nearly the same budget as FY11. The Committee agrees that this figure is appropriate, with a few minor changes, detailed below in Section 2a.

### **c. Mayor's Proposed Fiscal Year 2012-2017 Capital Budget**

There is no proposed capital budget for DMV for 2012-2017.

## **2. COMMITTEE RECOMMENDATIONS**

### **a. Fiscal Year 2012 Operating Budget Recommendations**

#### **1. Database reprogramming to allow graduated RPP fees**

*The Committee recommends that \$226,000 be transferred to DMV non-personal services using revenue certified from BSA recommendation titled "Curbside Parking Protection Amendment".*

The Director testified that a database reprogramming, at a cost of \$226,000, is required prior to implementing graduated RPP fees based on the number of permits at a single address.

#### **2. Add one FTE in Adjudication Services**

*The Committee recommends that \$93,461 be transferred to DMV personal services (\$77,884 salary and \$15,577 fringe) from revenue certified for the BSA recommendations titled, "Residential Parking Permit Amendment".*

These funds will pay for an additional hearing examiner in Adjudication Services in FY12 to better manage the increased in-person customer volume related to increased traffic fines.

**b. Fiscal Year 2012 Capital Budget Recommendations**

There is no proposed capital budget for DMV for 2012-2017.

**c. Policy Recommendations**

**1. Collaborate with the BAC and the PAC**

The Committee recommends the Director continue working with the Bicycle Advisory Council and the Pedestrian Advisory Council to increase attention to bicycle and pedestrian safety issues in the Driver's Manual, the Knowledge Test, and the Road Test. Among the goals for FY12:

- Develop at least one mandatory question on pedestrian safety and another on bicyclist safety for the Knowledge Test.
- Create a "sharing the road" section in the Driver's Manual, reviewing the pedestrian and bicycle safety laws and fines, strongly emphasizing safety tips for our multi-modal city.

**2. Collaborate with DDOT on PSAs**

The Committee recommends the Director work with the Department of Transportation on the distribution of "share the road" PSAs designed to educate motorists on bicycle and pedestrian safety. The PSAs should be played at the DMV service centers, on public access television, and other venues.

**1. COMMITTEE ANALYSIS AND COMMENTS**

**a. Agency Mission and Overview**

The mission of the DC Taxicab Commission is to provide the citizens of the District of Columbia and its visitors a safe, comfortable, efficient and affordable taxicab experience in well-equipped vehicles operated by highly qualified individuals who have knowledge of the District's streets, boundaries, history and tourist destinations, as well as the basic tenets of high quality customer service.

At the same time, the Commission strives to provide taxicab owners and operators with a system of rules and regulations that are fair and transparent and that allow for

technological advancements to be introduced to the industry and for properly qualified individuals to participate in the industry.

**b. Mayor's Proposed Fiscal Year 2012 Operating Budget**

**Proposed Operating Budget Summary**

The Mayor's proposed budget for the DC Taxicab Commission is \$1,864,000, a 0.5% reduction from last year's budget of \$1,873,000.

**Committee Analysis and Comments**

The Mayor's proposal maintains the same budget as FY11, with a small transfer to OCTO. The Committee agrees that this figure is appropriate and recommends approval as proposed.

**c. Mayor's Proposed Fiscal Year 2012-2017 Capital Budget**

There is no proposed capital budget for DCTC for 2012-2017.

**2. COMMITTEE RECOMMENDATIONS**

**b. Policy Recommendations**

**1. Complete regulatory update swiftly**

The Committee urges the Commission to swiftly complete the regulatory update, currently in progress, and subsequent course and exam updates within FY12.

**2. Include bicycle and pedestrian safety in course and exam updates**

The Committee recommends the Commission pay particular attention to bicycle and pedestrian safety as it redevelops the course and exam.

## **1. COMMITTEE ANALYSIS AND COMMENTS**

### **a. Agency Mission and Overview**

The mission of the Washington Metropolitan Transit Commission (“WMATC”) is to help assure that the public is provided passenger transportation services by licensing fit and responsible, privately-owned, for-hire carriers to service the metropolitan region.<sup>3</sup>

A Board of Commissioners directs the WMATC.<sup>4</sup> Daily operations are directed by the Executive Director and carried out by WMATC staff.

### **b. Mayor’s Proposed Fiscal Year 2012 Operating Budget**

#### **Proposed Operating Budget Summary**

The Mayor has proposed to increase the WMATC budget by 2.2%, from last year’s total of \$123,000 to \$126,000. All funding for WMATC comes directly from local funds.

#### **Committee Analysis and Comments**

The Committee offers no comment on the proposed budget.

## **2. COMMITTEE RECOMMENDATIONS**

The Committee recommends that the Mayor’s proposal be approved as submitted.

---

<sup>3</sup> WMATC assumed jurisdiction in March 1961. The commission administers the delegated powers of the Washington Metropolitan Area Transit Regulation Compact (Public Law 87-767, 76 Stat. 764; and amended in 1991 by Public Law 101-505, 104 Stat. 1300). The latest amended compact is codified at D.C. Code ST § 9-1103.01. The Washington Metropolitan Area Transit District (Metropolitan District) consists of the District of Columbia, Alexandria, Falls Church, Arlington County and Fairfax County in Virginia and the political subdivisions located therein; Montgomery County and Prince George’s County, Maryland, and the political subdivisions located therein; and Washington Dulles International airport located in Loudoun County, Virginia.

determination of fares for taxicab trips between the District of Columbia and area airports or other points in Maryland or Virginia that are in the Metropolitan District. Staff is also available to mediate taxicab overcharge complaints that are interstate in nature.

<sup>4</sup> One commissioner is appointed from the District of Columbia Public Service Commission by the Mayor of the District of Columbia; one commissioner is appointed from the Maryland Public Service Commission by the Governor of Maryland, and one commissioner is appointed from the Virginia State Corporation Commission by the Governor of Virginia.

**1. COMMITTEE ANALYSIS AND COMMENTS**

**a. Agency Mission and Overview**

The mission of the Washington Metropolitan Area Transit Authority (“WMATA”) is to provide the public with an efficient, affordable and diverse means of travel.

Created effective February 20, 1967, WMATA is an interstate compact agency and, by the terms of its enabling legislation, an agency and instrumentality of the District of Columbia, State of Maryland, and Commonwealth of Virginia. This compact agency was created by the aforementioned states and the District of Columbia to plan, finance, construct and operate a comprehensive public transit system for the Washington Metropolitan Area. A Board of Directors, with representatives from each of the three jurisdictions, governs WMATA.

The District has two voting members and two non-voting members on WMATA’s eight-person Board.

Within the DC Budget, WMATA is a paper agency that is used to transfer the District subsidy to WMATA, the regional transit agency.

**b. Mayor’s Proposed Fiscal Year 2012 Operating Budget**

**Proposed Operating Budget Summary**

The mayor's proposed budget for WMATA is \$263,988,000, a 2.4% increase from last year's budget of \$257,703,000.

**Committee Analysis and Comments**

The Mayor's proposal increases the District's contribution to WMATA's operating budget by 4.7% over FY11 levels. This proposal matched the increase proposed by the Governor of Maryland at the time that the Mayor's budget was completed. Since this time, most WMATA compact member jurisdictions have expressed interest in identifying the full operating funds requested in the WMATA General Manager's budget proposal, representing a 12.1% increase over the District's FY11 contribution, or an additional \$13.9 million more than the Mayor's FY12 proposal. Based on May updates presented by WMATA staff, this amount can be reduced to \$11.3 million. These calculations are summarized in the table below.

<b>WMATA Budget Item</b>	<b>Amount</b>
<b>Mayor's FY12 Proposal Including DC-specific Services</b>	<b>\$ 263,986,967</b>
less School Transit Subsidy	\$ (6,058,000)
less Circulator Costs	\$ (11,718,500)
less East of River fare buy down	\$ (1,570,000)
<b>Mayor's FY12 Baseline Proposal</b>	<b>\$ 244,640,467</b>
<b>WMATA's FY12 Budget Request</b>	<b>\$ 258,613,568</b>
<b>FY12 Gap = WMATA Request - Mayor's Baseline Proposal</b>	<b>\$ 13,973,101</b>
less \$2.9 million due July 1 (FY11 spending pressure)	\$ (2,900,000)
less May update reducing by \$1.1 million	\$ (1,100,000)
plus May update increasing School Transit Subsidy	\$ 1,300,000
<b>Total Gap for Council</b>	<b>\$ 11,273,101</b>

The Committee supports the Mayor's operating budget with the recommended changes listed below, including full funding by the District of Columbia.

**c. Mayor's Proposed Fiscal Year 2012-2017 Capital Budget**

**Proposed Capital Budget Summary**

The Mayor's proposed capital budget for WMATA is \$126,678,000, a 14.2% increase from last year's budget of \$110,919,000.

This budget funds provides the District's share of WMATA's largest annual capital budget since original construction of the Metrorail network. This supports a major

investment in WMATA state-of-good repair, including significant bus and rail infrastructure upgrades.

The funding is 100% from GO Bonds.

### **Committee Analysis and Comments**

The Mayor's proposed FY12 capital budget is less than WMATA's request by more than \$5 million. However, the combined FY11 and FY12 District contribution is sufficient to meet all DC obligations because FY11 capital expenditures have advanced more slowly than anticipated.

The Committee supports the Mayor's capital budget as proposed.

## **2. COMMITTEE RECOMMENDATIONS**

### **a. Fiscal Year 2012 Operating Budget Recommendations**

#### **1. Increase DC's WMATA operating subsidy to avoid service reductions**

*The Committee recommends increasing the WMATA operating subsidy. The current gap is \$11.273 million (see section 1(b) above). \$6.265 million shall be transferred from DDOT operating funds as described in DDOT recommendation #2. The remaining \$4.308<sup>5</sup> million has not been identified within the Committee's budget.*

#### **2. Metrobus enhancement to mitigate DC Circulator route elimination**

*The Committee recommends that the WMATA subsidy be further increased by \$400,000 from Fund 330 from DDOT Project CG312 Non Personal Services.*

This funding will be available to enhance service frequency on Metrobus alternatives to minimize impacts for DC Circulator customers currently served by the North-South Circulator Route which is proposed for elimination.

### **b. Fiscal Year 2012 Capital Budget Recommendations**

No recommendations.

---

<sup>5</sup> This amount assumes elimination of the K1 and N8 bus routes as currently proposed in the Mayor's budget for DDOT, saving \$700,000. This amount assumes that the E6 and M4 route are maintained in the current configuration.

**c. Policy Recommendations**

**1. Implement real-time arrival signage pilot**

The Committee recommends that \$250,000, on account at WMATA in a project titled real-time bus arrival signs, be used to implement an east-of-the-river real-time arrival signage pilot project. WMATA staff will coordinate with DDOT to identify bus routes and stops serving east-of-the-river populations that will most benefit most from real-time arrival information signage.

**2. Implement bicycle access enhancements**

The Committee recommends that WMATA consider using a portion of the capital budget for bicycle access enhancements to WMATA facilities in order to purchase Capital Bikeshare stations near such WMATA facilities.

**3. Address FY10 WMATA deficit within FY11 spending pressure strategy**

A remaining \$2.9 million WMATA subsidy gap should be handled as an FY11 spending pressure. These funds are accounted for in WMATA's FY12 budget calculations; however, this \$2.9 million cost is from FY10 WMATA budget overruns and is due to WMATA on July 1, 2011.

## **1. COMMITTEE ANALYSIS AND COMMENTS**

### **a. Agency Mission and Overview**

The mission of the School Transit Subsidy is to provide funds to support the District of Columbia's student population with an efficient, affordable, and reliable means of travel.<sup>6</sup>

The District's Department of Transportation manages the program in conjunction with WMATA, the D.C. Public Schools, and D.C. Public Charter Schools.

### **b. Mayor's Proposed Fiscal Year 2012 Operating Budget**

#### **Proposed Operating Budget Summary**

The Mayor has proposed to pay the District's school transit subsidy to WMATA through the DDOT operating budget, thus eliminating the need for the School Transit Subsidy paper agency in future DC budgets. This results in a 100% reduction from \$6,058,000 last year to zero dollars this year.

#### **Committee Analysis and Comments**

The Committee recommends the Mayor's proposal be approved as submitted.

---

<sup>6</sup> The School Transit Subsidy, enabled by D.C. Law 2-152; the "School Transit Subsidy Act of 1978" and subsequent amendments refer to sections 35-231 to 35-237 and 38-1702.11 of the D.C. Official Code, provides funding, policy recommendations and coordination services to WMATA.

## **I. D.C. WATER AND SEWER AUTHORITY**

DC WASA’s mission, according to its authorizing statute,<sup>7</sup> is to “plan, design, construct, operate, maintain, regulate, finance, repair, modernize, and improve water distribution and sewage collection, treatment, and disposal systems and services, and to encourage conservation.” Surely, few government services impact the lives of its citizens on a daily basis – indeed on an hourly basis – more than the supply and the distribution of safe drinking water, and the treatment of wastewater.

The Committee recommends no revision of DC WASA’s budget as submitted to the Congress. The Committee will comment and make recommendations on policies.

### **A. Policy Recommendation**

#### **1. Renegotiate Inter-Municipal Agreement for rate equity**

Renegotiate the Inter-municipal Agreement so that District rate payers are treated fairly. The Committee requests the City Administrator’s direct participation in the negotiation process.

#### **2. Prioritize establishing appropriate easements**

The Committee recommends DC Water place a priority on establishing the appropriate easements in order to move forward with the Long Term Control Plan, on budget and on time.

#### **3. Expand youth education programs**

Expand youth education programs, including tours of the Blue Plains facility and distribution of classroom materials, in order to create an awareness of the environment and our surrounding waterways.

#### **4. Composting study and collaboration with DPW**

Composting is an efficient way to keep waste out of our landfills. The Committee recommends DC Water collaborate with DPW on a report by Dec. 31, 2011 that outlines potential collaborative efforts, including DC Water’s new Digester project, to reduce the amount of materials that enter the waste stream.

---

<sup>7</sup> D.C. Official Code § 34-2202.02.

## **J. WASHINGTON AQUEDUCT**

The Washington Aqueduct is responsible for collecting, purifying and pumping potable water for the District of Columbia and some surrounding jurisdictions. Water produced by the Aqueduct must meet all pertinent standards set by the U.S. Environmental Protection Agency.

The Washington Aqueduct is managed by the U.S. Army Corps of Engineers. The agency's revenue is earned by selling water to the District of Columbia Water and Sewer Authority, as well as to Arlington County and Falls Church, Virginia. As a federal agency, the Washington Aqueduct is required to have budget and spending authority for all funds necessary to meet its mission of supplying water to all three jurisdictions. The District budget process is the vehicle used to transmit the Washington Aqueduct operating budget to Congress.

Thus, while the Committee's purview includes the Washington Aqueduct, the Council does not have the legal authority to impact its budget. The Committee commends the General Manager of the Washington Aqueduct for thorough and timely information provided to the Committee, and for the Aqueduct's continuing efforts, detailed and on file with Committee, to fulfill its mission to supply safe drinking water to the residents of the District of Columbia.

### III. FISCAL YEAR 2012 BUDGET REQUEST ACT RECOMMENDATIONS

On April 1, 2011, Chairman Brown introduced, at the request of the Mayor, the “Fiscal Year 2012 Budget Request Act of 2011” (Bill 19-202). The following language includes recommended adjustments.

**NOTE: Following the Committee markup, the BRA numbers will be adjusted to match the allocations approved by the Committee in the remainder of the report.**

#### **FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY**

For a Federal payment to the District of Columbia Water and Sewer Authority, \$25,000,000, to remain available until expended, to continue implementation of the Combined Sewer Overflow long-term plan; provided, that the District of Columbia Water and Sewer Authority provides a 100 % match for this payment.

#### **Public Works**

Public works, including rental of one passenger-carrying vehicle for use by the Mayor and 3 passenger-carrying vehicles for use by the Council of the District of Columbia and leasing of passenger-carrying vehicles, \$561,680,000 (including \$444,924,000 from local funds (including \$58,936,000 from dedicated taxes), \$38,285,000 from Federal grant funds, \$150,000 from private funds, and \$78,320,000 from other funds), to be allocated as follows:

- (1) Department of Public Works. –\$102,781,000 (including \$96,919,000 from local funds and \$5,862,000 from other funds);
- (2) Department of Transportation. –\$126,062,000 (including \$118,070,000 from local funds, \$4,127,000 from Federal grant funds, and \$3,865,000 from other funds);
- (3) Department of Motor Vehicles. –\$32,744,000 (including \$24,464,000 from local funds and \$8,280,000 from other funds);
- (4) Department of the Environment. –\$84,906,000 (including \$16,174,000 from local funds, \$34,158,000 from Federal grant funds, \$34,424,000 from other funds, and \$150,000 from private funds);
- (5) Taxi Cab Commission. –\$1,580,000 (including \$1,069,000 from local funds and \$511,000 from other funds);
- (6) Washington Metropolitan Area Transit Commission. – \$126,000 from local funds; and
- (7) Washington Metropolitan Area Transit Authority. – \$213,481,000 (including \$188,102,000 from local funds (including \$58,936,000 from dedicated taxes), and \$25,379,000 from other funds).

## **IV. FISCAL YEAR 2012 BUDGET SUPPORT ACT RECOMMENDATIONS**

On April 1, 2011, Chairman Brown introduced, on behalf of the Mayor, the “Fiscal Year 2012 Budget Support Act of 2011” (Bill 19-203). The bill contains a number of subtitles for which the Committee has provided comments in addition to new subtitles that the Committee recommends.

### **A. RECOMMENDATIONS ON SUBTITLES PROPOSED BY THE MAYOR**

The Committee provides comments on the following subtitles of the “Fiscal Year 2012 Budget Support Act of 2011”:

1. Title VI, Subtitle A. Department of Motor Vehicles Fee Modification
2. Title VI, Subtitle B. Steel Plate Fee Reduction Amendment
3. Title VI, Subtitle C. District Department of Transportation Advertisement Amendment
4. Title XI. Capital Budget Authority

#### **1. TITLE VI, SUBTITLE A. DEPARTMENT OF MOTOR VEHICLES FEE**

##### **a. Purpose, Effect, and Impact on Existing Law**

The proposed subtitle would modify the fee to obtain a duplicate operators permit, learner’s permit, provisional permit or registration certificate and the fee to obtain a duplicate non-driver identification card.

##### **b. Committee Reasoning**

The Mayor proposes modifying fees to obtain a duplicate operators permit, learner’s permit, provisional permit or registration certificate and to obtain a duplicate non-driver identification card from \$7 to \$15. The existing fees for license and identification replacement are below both Maryland and Virginia. The Committee recommends adjusting the fees to \$20, which puts the District fees on par with Maryland. The duplicate registration fee cannot be easily compared to surrounding jurisdictions, as the District automatically includes any duplicate residential parking permit, which the other jurisdictions do not include.

##### **c. Section-by-Section Analysis**

Sec. 601. Short title.

Sec. 602. Amends D.C. Code § 50-1401.01(a)(4) to reflect the duplicate operator's permit, learner's permit, or a provisional permit fee change from \$7 to \$20.

Sec. 603. Amends D.C. Code § 50-1501.02(d)(4)(C) to reflect the duplicate motor vehicle registration fee change from \$7 to \$20.

Sec. 604. Amends 18 DCMR § 112.12(b) to reflect the duplicate non-driver identification card fee change from \$7 to \$20.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend Section 7(a)(4) of the District of Columbia Traffic Act, 1925 and Title IV of the District of Columbia Revenue Act of 1937 to modify the fee to obtain a duplicate operators permit, learner's permit, provisional permit or registration certificate and to amend Title 18 of the District of Columbia Municipal Regulations to modify the fee to obtain a duplicate non-driver identification card.

*SUBTITLE A. DEPARTMENT OF MOTOR VEHICLES FEE MODIFICATION*

Sec. 601. Short title.

This subtitle may be cited as the "Department of Motor Vehicles Fee Modification Amendment Act of 2011".

Sec. 602. Section 7(a)(4) of the District of Columbia Traffic Act, 1925, approved March 3, 1925 (43 Stat. 1121; D.C. Official Code § 50-1401.01(a)(4)) is amended by striking the figure "\$7" and inserting the figure "\$20" in its place.

Sec. 603. Section 2(d)(4)(C) of the District of Columbia Revenue Act of 1937, approved August 17, 1937 (50 Stat. 681; D.C. Official Code § 50-1501.02(d)(4)(C)) is amended by striking the figure "\$7" and inserting the figure "\$20" in its place.

Sec. 604. Section 112.12(b) of Title 18 of the District of Columbia Municipal Regulations (18 DCMR § 112.12(b)) is amended by striking the figure "\$7" and inserting the figure "\$20" in its place.

Sec. 605. This act shall apply as of July 1, 2011.

**2. TITLE VI, SUBTITLE B. STEEL PLATE REDUCTION AMENDMENT.**

**a. Purpose, Effect, and Impact on Existing Law**

The proposed subtitle would amend and simplify the public space permit fee for the use of steel plates in public spaces. The fees would no longer apply to steel plates for the first 5 days in public space; the provision would also streamline the fees for steel plates in place for 6 days or more.

The public space permit fees collected from steel plates are deposited in the General Fund.

**b. Committee Reasoning**

The Steel Plate Fee, as originally passed in the Fiscal Year 2011 Budget Support Act of 2010, has not been aggressively implemented because of significant concerns raised by utility and construction companies. The proposed amendments would provide a grace period with no fees and reduce the fees for plates that are in place longer than 5 days. This will provide relief to some parties that were concerned about the initial proposal, yet will still provide a strong incentive for public space occupants to minimize the amount of time that steel plates are in use.

**c. Section-by-Section Analysis**

Sec. 611. Short title.

Sec. 612. Amends Section 225.1(p) of Title 24 of the D.C. Municipal Regulations (24 DCMR § 225.1(p)) to revise the public space rental fee for temporarily placing steel plates in the public space.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend Title 24 of the DC Municipal Regulations to revise the public space rental fee for temporarily placing steel plates in the public space

*SUBTITLE B. STEEL PLATE REDUCTION AMENDMENT*

Sec. 611. Short title.

This subtitle may be cited as the “Steel Plate Fee Amendment Act of 2011”.

Sec. 612. Steel plate fee.

Section 225.1(p) of Title 24 of the District of Columbia Municipal Regulations (24 DCMR § 225.1(p)) is amended to read as follows:

“(p) Steel Plates:	Permit Fee
Public space covered by 1 or more steel plate(s) at any time between and including January 1 and March 31 and between and including November 1 and December 31	\$0 per plate for the first 5 days in public space; \$600.00 per plate for days 6 through 10 in public space; and \$900.00 per plate for all subsequent 5-day periods
Public space covered by 1 or more steel plate(s) at all other times	\$0 per plate for the first 5 days in public space; \$300.00 per plate for days 6 through 10 in public space; and \$450.00 per plate for all subsequent 5-day periods.”.

**3. TITLE VI, SUBTITLE C. DDOT ADVERTISEMENT AMENDMENT**

**a. Purpose, Effect, and Impact on Existing Law**

The proposed subtitle would amend the Department of Transportation Establishment Act of 2002 to allow DDOT to sell advertising on District property in public space, such as bikeshare stations, and directs those funds to the DDOT Enterprise Fund for Transportation Initiatives (“Fund”). Existing law authorizes advertising on parking meters and parking meter receipts.

**b. Committee Reasoning**

The Mayor proposes extending the authority to advertise on parking meters and parking meter receipts to District property in public space generally, including bikeshare stations, and proposes directing that revenue to the General Fund. The Committee supports advertising in public space, but instead directs all proceeds collected be paid into the Fund.

The Mayor also proposes that such advertising not be subject to the District of Columbia Procurement Practices Act of 1985, effective February 21, 1986 (D.C. Law 6-85; D.C. Official Code §2-301.01 et seq.); the Committee disagrees and has amended accordingly.

When the Fund was created in the Fiscal Year 2011 Balanced Budget Support Act of 2011, the intention was to direct new revenue proposals presented by the District Department of Transportation into this fund. Since advertising on bikeshare stations fits

this category, the Committee believes that these revenues should be directed into the Fund. Moreover, as additional capital bikeshare stations are added, associated advertising revenue will be available to support operating costs associated with such stations.

**c. Section-by-Section Analysis**

Sec. 621. Short title.

Sec. 622. Amends the Department of Transportation Establishment Act of 2002 to allow DDOT to enter into agreements that allow advertisements on District property in public space and to collect payments under those agreements, provided such placement is not in violation of District or federal laws, regulations, or orders; that other fees required pertaining to outdoor signs and other exterior advertising shall not apply to advertisement resulting from the advertisement agreement; that specific removal language is included in the agreement; and that all revenues collected pursuant to this Act be paid into the DDOT Enterprise Fund for Transportation Initiatives.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend the Department of Transportation Establishment Act of 2002 to allow DDOT to sell advertising on District Department of Transportation property in public space.

*SUBTITLE C. DISTRICT DEPARTMENT OF TRANSPORTATION*

*ADVERTISEMENT AMENDMENT*

Sec. 621. Short title.

This subtitle may be cited as the “District Department of Transportation Advertisement Amendment Act of 2011”.

Sec. 622. Section 5(4)(G) of The Department of Transportation Establishment Act of 2002, effective May 21, 2002 (D.C. Law 14-137; D.C. Official Code § 50-921.01 et seq.), is amended to read as follows:

“(G) Enter into agreements to allow the placement of advertisements on District property, under the control of DDOT, in public space and collect payments under the agreements; provided that:

“(1) The placement of advertisement is not in violation of District or federal laws, regulations, or orders;

“(2) The following provision is included in the advertisement agreement:

“If the Mayor, or the Director of DDOT, receives notice from the United States Secretary of Transportation that the future operation of the advertisement agreement may result in a reduction of the District's share of federal highway funds pursuant to section 131 of Title 23 of the United States Code, the advertiser or advertiser agency will remove the advertisement within 30 days from the date of receipt of the notice by the District. Upon the expiration of the 30 days specified in this subsection, if, the advertiser or advertiser agency fails to cure the violation that resulted in the threatened reduction of highway funds, the Director of DDOT may terminate the agreement.”;

“(3) The requirements of section 2 of An Act to regulate the erection, hanging, placing, painting, display, and maintenance of outdoor signs and other forms of exterior advertising within the District of Columbia, approved March 3, 1931 (46 Stat. 1486; D.C. Official Code §1-303.22), and 12A DCMR 3107, pertaining to outdoor signs and other forms of exterior advertising in the District of Columbia, shall not apply; and

“(4) All proceeds collected from this the advertising agreement shall be paid into the DDOT Enterprise Fund for Transportation Initiatives, established by the Fiscal Year 2011 Supplemental Budget Support Emergency Act of 2010, effective April 8, 2011 (D.C. Law 18-370).”

#### **4. TITLE XI. CAPITAL BUDGET AUTHORITY**

##### **a. Purpose, Effect, and Impact on Existing Law**

This proposed title amends the DDOT Establishment Act to authorize the Director to request the CFO consider allocating capital budget dollars from placeholder projects to specified projects previously approved by Council.

##### **b. Committee Reasoning**

This proposed legislation allows budget categories with specific budget authority for the Federal transportation program to come before the Council for approval at the same time as the Mayor’s proposed District budget, even though specific projects for the Federal program are not known by this time.

The proposed legislation further allows that these project categories be allocated to specific projects, which are approved by the Council, without a budget reprogramming.

The Committee supports the Mayor’s proposal with minor modifications to clarify that both broader budget categories and the specific project list must be approved by the Council, and to clarify that additional movement of funds once they have been allocated to specific projects would require a reprogramming.

The Committee removed the Mayor’s proposed subsection (2) as it was duplicative of authorities granted in the “Transportation Infrastructure Amendment Act of 2010”, effective March 31, 2011 (D.C. Law 18-339).

**c. Section-by-Section Analysis**

Sec. 1101. Short title.

Sec. 1102. Authorizes the Director to request, in writing, that the CFO allocate capital budget dollars from Council-approved placeholder projects to Council-approved specified projects without a reprogramming; authorizes the CFO to delegate that approval; and provides that any subsequent request by the Mayor to reallocate budget from specified projects previously approved by Council shall be in the form of a reprogramming request.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend the Department of Transportation Establishment Act of 2002 to authorize the Director to request the allocation of capital budget from approved placeholder project to approved specified projects.

Sec. 1101. Short title

This title may be cited as the “Department of Transportation Capital Budget Allocation Authority Act of 2011”

Sec. 1102. District Department of Transportation Authority

Section 3 of the “Department of Transportation Establishment Act of 2002”, effective May 21, 2002 (D.C. Law 14-137; D.C. Official Code § 50-921.02), is amended by adding a new subsection (e) to read as follows:

“(e) (1) The Director, following the formal notification to the District of approval of federal aid projects by the U.S. Department of Transportation, is authorized to request in writing that the Chief Financial Officer consider such a request to allocate capital

budget dollars from placeholder projects previously approved by the Council to specified projects previously approved by Council.

(2) The Chief Financial Officer may delegate the authority to the Director of Capital Projects within the Office of Budget and Planning.

(3) Any subsequent request by the Mayor to reallocate budget from specified projects previously approved by Council shall be in the form of a reprogramming request.”

## **B. RECOMMENDATIONS FOR NEW SUBTITLES**

The Committee on Public Works and Transportation recommends the following new subtitles to be added to the “Fiscal Year 2012 Budget Support Act of 2011”:

1. Title VI, Subtitle D. Transportation Enterprise Fund Amendment
2. Title VI, Subtitle E. Residential Parking Permit Amendment
3. Title VI, Subtitle F. Reciprocity Registration Amendment
4. Title VI, Subtitle G. Curbside Parking Protection Amendment
5. Title VI, Subtitle H. Performance Parking Pilot Zone Amendment
6. Title VI, Subtitle I. Transportation Capital Project Reprogramming Amendment

### **1. TITLE VI, SUBTITLE D. TRANSPORTATION ENTERPRISE FUND AMENDMENT**

#### **a. Purpose, Effect, and Impact on Existing Law**

The proposed subtitle would amend Section 9e of The Department of Transportation Establishment Act of 2002, effective May 21, 2002 (D.C. Law 14-137; D.C. Official Code § 50-921.01 et seq.) to direct specific revenues to the existing DDOT Enterprise Fund for Transportation Initiatives and would amend The Highway Trust Fund Establishment Act of 1996 to eliminate the ceiling for the percentage of local funds that can be used in a given year to match Federally-funded transportation projects.

#### **b. Committee Reasoning**

The Council approved a shift to fund DDOT with local revenues rather than special purpose revenues beginning in FY12.<sup>8</sup> At that time, the Council put in place a

---

<sup>8</sup> Fiscal Year 2011 Supplemental Budget Support Act of 2010.

transportation initiatives fund to dedicate revenues from new transportation and public space initiatives. This fund was expected to provide resources needed to generate such revenues while also providing DDOT with some options for innovative transportation investments.

This amendment would expand the number of revenues dedicated this fund to increase DDOT incentives to manage these potential revenue streams.

The bill also addresses problems with the 22% cap for local match of Federal transportation dollars. The Committee supports keeping local match for Federal transportation projects as close as possible to the minimum required local match. However, the District Department of Transportation has testified regarding two unpredictable local expenses that make it unrealistic to keep within the proposed minimum: 1) funds DDOT must front to make repairs to water infrastructure, which are eventually reimbursed by DC Water, and 2) costs associated with lawsuits relating to previous transportation capital projects. The Committee recommends that DDOT and Committee staff first develop options for addressing these two issues and then reinstitute an appropriate cap for the percent of local funds permissible.

**c. Section-by-Section Analysis**

Sec. 6\_\_. Short title.

Sec. 6\_\_. Amends the Department of Transportation Establishment Act of 2002, effective May 21, 2002 (D.C. Law 14-137; D. C. Official Code § 50-921.01 et seq.) to dedicate certain transportation revenue to the DDOT Enterprise Fund for Transportation Initiatives.

Sec. 6\_\_. Amends The Highway Trust Fund Establishment Act of 1996, effective April 9, 1997 (D.C. Law 11-184; D.C. Official Code § 9-111.01 et seq.) to repeal the provision that limited monies designated to comply with the requirements of section 3 of the District of Columbia Emergency Highway Relief Act, approved August 4, 1995 (109 Stat. 257; D.C. Official Code § 9-109.02), to a ceiling of 22% of the proposed annual Fund expenditures.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend The Department of Transportation Establishment Act to require certain revenue collected from District Department of Transportation initiatives be deposited in the nonlapsing DDOT Enterprise Fund for Transportation Initiatives and to repeal a provision that limited the amount of annual fund expenditures placed in the Highway Trust Fund that could be used to match federal highway funds.

*SUBTITLE X. DEPARTMENT OF TRANSPORTATION ENTERPRISE FUND  
AMENDMENT ACT OF 2011.*

Sec. 6\_\_. Short title.

This subtitle may be cited as the “Department of Transportation Enterprise Fund Amendment Act of 2011”.

Sec. 6\_\_. Section 9e of The Department of Transportation Establishment Act of 2002, effective May 21, 2002 (D.C. Law 14–137; D. C. Official Code § 50–921.13), is amended to read as follows:

“Sec. 9e. DDOT Enterprise Fund for Transportation Initiatives.

“(a) There is established as a nonlapsing fund, which shall be administered by the Director of the District Department of Transportation, the DDOT Enterprise Fund for Transportation Initiatives (“Fund”), which shall be used by DDOT as follows:

“(1) To pay for goods, services, property, capital improvements or for any other permitted purpose as authorized by section 5 of this subchapter; and

“(2) To pay into the Highway Trust Fund.”

“(b) All revenue from the following shall be deposited into the Fund, beginning October 1, 2011:

“(1) Fines from the enforcement of truck safety and size, weight, and noise regulations.

“(2) Advertisements on multispace parking meter receipts.

“(3) Advertisements on bikeshare stations.

“(4) Public inconvenience fees described in 24 DCMR § 225.1(c).

“(5) Fees related to car sharing.

“(6) Loading zone management program revenue, including the commercial permit parking pass costs, commercial permit parking fees, and related citations and fines.

“(7) Any revenues, grants, or gifts as may from time-to-time be dedicated to the Fund.”

“(c) All funds deposited into the Fund, and any interest earned on those funds, shall not revert to the unrestricted fund balance of the General Fund of the District of Columbia at the end of a fiscal year, or at any other time, but shall be continually

available for the uses and purposes set forth in subsection (d) of this section without regard to fiscal year limitation, subject to authorization by Congress.

Sec. 6\_\_. Section 102(d)(2) of the Highway Trust Fund Establishment Act of 1996, effective April 9, 1997 (D.C. Law 11-184; D.C. Official Code 9-111.01 et seq.), is repealed.

## **2. TITLE VI, SUBTITLE E. RESIDENTIAL PARKING PERMIT AMENDMENT**

### **a. Purpose, Effect, and Impact on Existing Law**

The Mayor's proposed budget assumes revenue from a pending rulemaking that would raise the baseline RPP permit fee from \$15 to \$25. The proposed subtitle would increase this baseline RPP fee to \$35 with an exemption for senior citizens. The subtitle would also increase RPP fees to \$50 for the second RPP permit at each official District address and \$100 for the third and subsequent RPP permits at each official District address.

### **b. Committee Reasoning**

DDOT has proposed increasing the cost of the RPP permit fee because the administrative costs for the program have increased and the fee has not been increased since 1991. An increase will allow DDOT to continue to manage the RPP program and continue to explore improvements to enhance residential parking protections, provide visitor parking options, and improve management of parking resources.

The base price of \$35 per RPP permit leaves the District still far below the price of residential permits in comparable jurisdictions.

The escalating fees for multiple RPP permits at a single official address will improve equitable access to limited residential parking resources. Some households have many vehicles and occupy a disproportionate share of residential parking spaces. In some cases, residents have options to park additional vehicles in alley parking spaces or garages, but choose to park on the street because additional RPP permits are so inexpensive. Escalating fees are not intended as a punitive approach. Rather, they are intended to provide a price signal that residential parking resources are limited and highly valued by others in the neighborhood.

### **c. Section-by-Section Analysis**

Sec. 6\_\_. Short title.

Sec. 6\_\_. This section amends Section 2415 of Title 18 of the District of Columbia Municipal Regulations to modify the cost of a one-year residential parking permit from \$10

to \$35 for the first permit per legal mailing address, \$50 for the second per legal mailing address, and \$100 for each additional permit beyond two at the same legal mailing address; residents 65 years of age and older shall pay \$25 for the first permit.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend Title 18 of the District of Columbia Municipal Regulations to modify the residential permit parking sticker fee, to create an exemption for seniors from that modification, and to create a graduated fee for multiple vehicles registered at the same legal mailing address.

*SUBTITLE X. RESIDENTIAL PARKING PERMIT AMENDMENT ACT OF 2011.*

Sec. 6\_\_. Short title.

This subtitle may be cited as the “Residential Parking Permit Amendment Act of 2011”.

Sec. 6\_\_. Section 2415 of Title 18 of the District of Columbia Municipal Regulations is amended as follows:

“(a) Section 2415.1 is amended by striking the phrase “to cover the administrative costs of the residential permit parking program”.

(b) Section 2415.3 is amended to read as follows:

“(a) The fee for a one-year residential permit parking sticker shall be \$35 annually per vehicle per legal mailing address, except permits issued to residents 65 years of age or older shall be \$25 annually;

“(b) Beginning April 1, 2012, the fee for a one-year residential permit parking sticker shall be \$35 for the first permit per legal mailing address, except the first permit per legal mailing address issued to residents 65 years of age or older shall be \$25 annually; \$50 per year for the second permit per legal mailing address; and \$100 per year for each additional permit beyond two at the same legal mailing address.”

**3. TITLE VI, SUBTITLE F. RECIPROCITY REGISTRATION AMENDMENT**

**a. Purpose, Effect, and Impact on Existing Law**

The purpose of this subtitle is to reduce inequities in the cost of reciprocity registration permits in the District of Columbia. Currently, Congressional, Diplomat, Military, and Presidential Appointee reciprocity permits cost \$10 annually. Students pay \$338 annually and temporary residents staying six months or less pay \$250. The reciprocity permit allows the vehicle to qualify for RPP, provided all other qualifying conditions for RPP are met.

**b. Committee Reasoning**

There are currently great disparities in the cost of reciprocity registration stickers among qualifying classes. The Committee has not found any basis for such disparities and this moderate action takes a step toward parity in the District’s reciprocity registration fee structure.

**c. Section-by-Section Analysis**

Sec. 6\_\_. Short title.

Sec. 6\_\_. Amends the District of Columbia Traffic Act, 1925, approved March 3, 1925 (43 Stat. 1121; D.C. Official Code § 50-1401.02(d)) to reflect an increase in the reciprocity registration fee from \$10 to \$50.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend the District of Columbia Traffic Act, 1925 to modify the fees for reciprocity registration.

*SUBTITLE X. RECIPROCITY REGISTRATION AMENDMENT ACT OF 2011.*

Sec. 6\_\_. Short title.

This subtitle may be cited as the “Reciprocity Registration Amendment Act of 2011”.

Sec. 6\_\_. Section 8(d) of the District of Columbia Traffic Act, 1925, approved March 3, 1925 (43 Stat. 1121; D.C. Official Code § 50-1401.02(d)) is amended by striking the phrase “a fee of \$10, which may be increased by the Mayor to cover administrative costs,” and inserting the phrase “a fee of \$50,” in its place.

**4. TITLE VI, SUBTITLE G. CURBSIDE PARKING PROTECTION AMENDMENT**

**a. Purpose, Effect, and Impact on Existing Law**

This proposed subtitle amends Title 18 of the District of Columbia Municipal Regulations to increase the fine for the third and any subsequent offense of parking in an RPP zone beyond the allowed consecutive two-hour period without a valid RPP permit.

**b. Committee Reasoning**

The risk of being fined for parking violations should motivate drivers to comply with District law. The current fine for violations of RPP restrictions is sufficient to protect residential parking resources from some drivers; other drivers, however, are not currently deterred from illegal parking in residential neighborhoods because the fine for such illegal parking is not a sufficient deterrent. By increasing parking ticket fines for RPP violations after the initial two violations per year, the proposal will enhance the incentive for compliance among drivers who are unmotivated by the fines at existing levels.

**c. Section-by-Section Analysis**

Sec. 6\_\_. Short title.

Sec. 6\_\_. Amends section 2601.1 of Title 18 of the District of Columbia Municipal Regulations to increase the fine from \$30 to \$60 for the third and any subsequent offense of parking in a residential permit parking area beyond the allowed consecutive two-hour period without a valid RPP permit.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend Title 18 of the District of Columbia Municipal Regulations to increase the fine for the third and subsequent offense of parking in a residential permit parking area beyond the allowed consecutive two-hour period without a valid RPP permit.

*SUBTITLE X. CURBSIDE PARKING PROTECTION AMENDMENT ACT OF 2011.*

Sec. 6\_\_. Short title.

This subtitle may be cited as the “Curbside Parking Protection Amendment Act of 2011.”

Sec. 6\_\_. Section 2601.1 of Title 18 of the District of Columbia Municipal Regulations is amended as follows:

For the infraction titled “Residential permit parking area, beyond consecutive two-hour period without valid permit [§ 2411.1. § 2424.12]” the fine is amended as follows:

(1) In the first untitled column, strike the figure “\$ 30.00” and insert the phrase “In each calendar year: First offense \$30, Second offense \$30, Third and any subsequent offense \$60” in its place.

(2) In the second column, titled “In Ballpark Zone”, strike the figure “\$ 30.00” and insert the phrase “In each calendar year: First offense \$30, Second offense \$30, Third and any subsequent offense \$60” in its place.

(3) In the third column, titled “During Ballpark Events”, strike the figure “\$ 60.00” and insert the phrase “In each calendar year: First offense \$60, Second offense \$60, Third and any subsequent offense \$60” in its place.

## **5. TITLE VI, SUBTITLE H. PERFORMANCE PARKING PILOT ZONE AMENDMENT**

### **a. Purpose, Effect, and Impact on Existing Law**

The proposed subtitle clarifies that performance parking revenue remains dedicated to the uses mandated by The Performance Parking Pilot Zone Act of 2008 and amends The Performance Parking Pilot Zone Act of 2008 to create a nonlapsing fund for that revenue, to repeal the sunset provision, to add H Street N.E. as a new pilot zone, and to add a new category of allowable non-automobile transportation improvements.

### **b. Committee Reasoning**

Parking meter revenue was dedicated to the WMATA operating subsidy in the Fiscal Year 2011 Supplemental Budget Support Act of 2010. This amendment is needed to clarify that performance parking funds, which have been accounted separate from other parking meter revenues, were not intended to be dedicated to the WMATA operating subsidy. As part of neighborhood agreements to accept higher parking meter rates than other parts of the District, these revenues were dedicated to alternative transportation enhancements within the pilot zones. Therefore, this amendment allows revenue dedicated to performance parking zones and associated budget authority to continue to be dedicated to the District Department of Transportation for implementation of such alternative transportation enhancements.

This measure also eliminates the sunset clause on the performance parking zones to clarify that this separate parking meter revenue accounting will be maintained through Fiscal Year 2012. It is appropriate to eliminate this sunset clause because DDOT has issued reports on performance parking pilot zones which indicate that the pilot zones should be maintained and expanded.

Finally, this measure addresses the need to better manage limited curbside parking to support small businesses on H Street NE. Adding a performance parking pilot zone for the H Street NE Corridor would create the meter rate flexibility needed to manage the differing parking demands experienced by day-time and evening businesses. In addition, as with the other zones, it will generate revenue to aid such businesses and also support other alternative transportation enhancements that further support the H Street NE recovery.

**c. Section-by-Section Analysis**

Sec. 6\_\_. Short title.

Sec. 6\_\_. Amends An Act Making appropriations for the government of the District of Columbia and other activities chargeable in whole or in part against the revenues of such District for the fiscal year ending June 30, 1939, and for other purposes, approved April 4, 1938 (52 Stat. 192; D.C. Official Code § 50-2633(b)), to clarify that parking meter revenue generated pursuant to the The Performance Parking Pilot Zone Act of 2008, effective November 25, 2008 (D.C. Law 17-279; D.C. Official Code § 50-2531 et. seq.), was not meant to be dedicated to the WMATA subsidy.

Sec. 6\_\_. Amends The Performance Parking Pilot Zone Act of 2008, effective November 25, 2008 (D.C. Law 17-279; D.C. Official Code § 50-2531 et. seq.), to create a nonlapsing fund for performance parking revenue, to repeal the sunset provision, to add H Street N.E. as a new pilot zone, and to add a new category of allowable non-automobile transportation improvements.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To amend An Act Making appropriations for the government of the District of Columbia and other activities chargeable in whole or in part against the revenues of such District for the fiscal year ending June 30, 1939, and for other purposes, approved April 4, 1938 (52 Stat. 192; D.C. Official Code § 50-2633(b)) to clarify sources of the WMATA subsidy, to amend the Performance Parking Pilot Zone Act of 2008, effective November 25, 2008 (D.C. Law 17-279; D.C. Official Code § 50-2531 et. seq.) to add create a nonlapsing fund for performance parking revenue, to repeal the sunset provision, to add the H Street N.E. Performance Parking Pilot Zone and to add certain enhancements to the allowable non-automobile transportation improvements.

*SUBTITLE X. PERFORMANCE PARKING PILOT ZONE AMENDMENT ACT OF 2011*

Sec. 6\_\_. Short title.

This subtitle may be cited as the “Performance Parking Pilot Zone Amendment Act of 2011.”

Sec. 6\_\_. Section 11 of An Act Making appropriations for the government of the District of Columbia and other activities chargeable in whole or in part against the revenues of such District for the fiscal year ending June 30, 1939, and for other purposes, approved April 4, 1938 (52 Stat. 192; D.C. Official Code § 50-2633(b)), is amended by striking the phrase “Authority.” and inserting the phrase “, except for fees collected in performance parking pilot zones, pursuant to The Performance Parking Pilot Zone Act of 2008, effective November 25, 2008 (D.C. Law 17-279; D.C. Official Code § 50-2531 et. seq.), and dedicated in Section 5 (D.C. Law 17-279; D.C. Official Code § 50-2534).” in its place.

Sec. 6\_\_. The Performance Parking Pilot Zone Act of 2008, effective November 25, 2008 (D.C. Law 17-279; D.C. Official Code § 50-2531 et. seq.), is amended as follows:

(a) Section 2(i) (D.C. Official Code § 50-2531(i)) is repealed.

(b) A new section 2a is added to read as follows:

“Section 2a. Establishment of the Performance Parking Program Fund.

“There is established as a nonlapsing fund the Performance Parking Program Fund (“Fund”). All parking meter revenue collected within the Performance Parking Pilot Zones shall be deposited in the Fund. The Fund shall be used solely for the purposes set forth in section 5 and shall be administered by the Office of the Director of the District Department of Transportation. All funds deposited into the Fund shall not revert to the General Fund of the District of Columbia at the end of any fiscal year or at any other time, but shall be continually available for the purposes set forth in section 5.”

(c) A new section 3a is added to read as follows:

“Sec. 3a. H Street N.E. Performance Parking Pilot Zone

“(a) The H Street N.E. Performance Parking Pilot Zone is designated as the area bounded by I Street N.E., on the north, 15<sup>th</sup> Street N.E., on the east, 3<sup>rd</sup> Street N.E., on the west, and G Street N.E., on the south, including both sides of these boundary streets.

“(b) The Mayor shall assign parking control and traffic control officers for implementation of the pilot program in the H Street N.E. Performance Parking Pilot Zone, and for enhanced enforcement during peak parking demand hours.

“(c) The Mayor shall designate existing residential parking permit zoned blocks within the performance parking zone as within a high-traffic generating corridor and provide increased residential parking protections.

“(d) The Mayor shall set the initial performance parking pilot zone fee equal to the existing fee.

“(e) Pursuant to section 2(d)(1), the Mayor shall adjust fees to achieve 10% to 20% availability of curbside parking spaces.

“(f) Notwithstanding any other provision of this act, the Mayor shall not charge curbside parking fees on District or federal holidays.

“(g) Within the first 30 days of the effective date of the Performance Parking Pilot Zone Amendment Act of 2011, the Mayor may issue warning citations for curbside parking violations related to the pilot program in the zone.”

(d) Section 5(b) (D.C. Official Code § 50-2534(b)), is amended as follows:

(1) Paragraph (2) is amended by striking the word “and” at the end.

(2) Paragraph (3) is amended by striking the period at the end and inserting the phrase “; and” in its place.

(3) A new paragraph (4) is added to read as follows:

“(4) Improvements, which support retail and small businesses, that enhance the pedestrian and customer experience within the zone, such as clean-up and hospitality activities, public safety initiatives, and streetscape and storefront upgrades.”

## **6. TITLE VI, SUBTITLE I. TRANSPORTATION CAPITAL PROJECT REPROGRAMMING AMENDMENT**

### **a. Purpose, Effect, and Impact on Existing Law**

The proposed subtitle reallocates funds from previous year capital projects where funds are no longer necessary, to current year project proposals where funds are needed.

### **b. Committee Reasoning**

The Committee has identified two capital projects that have funding balances that are no longer necessary for completion of the project. These projects are 1) Project EDL14C - Lot 59, and 2) Project EDS03C – Great Streets. The Committee recommends

reprogramming available portions of these project balances to two new capital initiatives: 1) Green Alleys, and 2) Capital Bikeshare expansion.

**c. Section-by-Section Analysis**

Sec. 6\_\_. Short title.

Sec. 6\_\_. Rescinds Lot 59 Improvements and Great Streets excess capital funds and reallocates capital funds to Green Alleys and Bikeshare Expansion projects.

**d. Legislative Recommendations for Committee of the Whole**

Long Title: To reprogram available capital project funding balances to two new capital initiatives, Green Alleys and Capital Bikeshare expansion.

*SUBTITLE X. TRANSPORTATION CAPITAL PROJECT REPROGRAMMING*

*ACT*

Sec. 6\_\_. Short title.

This subtitle may be cited as the “Transportation Capital Project Reprogramming Act of 2011”.

Sec. 6\_\_. Reprogramming of capital project funding.

(a) The capital budget allotment and associated budget authority for each of the capital projects listed in the following chart is decreased in the amount set forth in the chart:

<b>Agency</b>	<b>Project #</b>	<b>Project Name</b>	<b>FY12 Rescission Amount (\$)</b>
DDOT	EDL14C	Lot 59 Improvements	\$350,000
DDOT	EDS03C	Great Streets	\$2,150,000

(b) The fiscal year 2012 allotments and associated budget authority for the capital projects in the following chart shall be increased by the dollar amounts set forth in the chart, from the funding sources designated in the chart:

<b>Agency</b>	<b>Project #</b>	<b>Project Name</b>	<b>FY12 Addition Amount (\$)</b>
DDOT	NEW	Green Alleys	500,000
DDOT	NEW	Bikeshare Expansion	2,000,000

## V. COMMITTEE ACTION AND VOTE

The Committee met on Wednesday, May 11, 2011 at \_\_\_\_\_ in the Council Chamber (Room 500) to consider and vote on the draft Report and Recommendations of the Committee on Public Works and Transportation on the Fiscal Year 2012 budget for agencies under its purview. The draft report includes comment on the Mayor's FY 2012 Budget Request for the agencies under its jurisdiction, and the provisions of the FY 2012 Budget Support Act of 2011 referred to the Committee for comment.

With Committee Chairperson Wells (Ward 6), and Councilmembers \_\_\_\_\_ present, Chairperson Wells convened a quorum of the Committee.

In his opening remarks, Chairperson Wells presented highlights from the draft Report and Recommendations of the Committee on Public Works and Transportation.

**MOTION:** Chairperson Wells moved the Committee's report for approval, with leave for staff to make technical and conforming changes, and opened the floor for discussion.

**DISCUSSION:**

**VOTE:**

**The Committee's vote was \_\_(\_\_) in favor, \_\_(\_\_) against as follows:**

**Voting Yes:**

**Voting No:**

**Voting Present:**

**Chairperson Wells adjourned the mark-up at \_\_\_\_\_ on May 11, 2011.**
