SECTION B: CONTRACT TYPE, SUPPLIES AND SERVICES AND PRICE/COST

B.1 INTRODUCTION

The District of Columbia Government, Office of Contracting and Procurement (OCP), on behalf of the Metropolitan Police Department (MPD) (the “District”) is seeking one or more Contractors to provide new photo enforcement technology to be used by MPD that is capable of capturing data, images and video related to a variety of moving infractions that can’t be captured using the District’s existing equipment. Most of the fixed units will attach to existing red light and speed enforcement units and provide additional types of enforcement at those sites. Other fixed units will be deployed at sites that have historically had problems with gridlock, speed and pedestrian safety violations. The portable units will be used at sites throughout the District with high rates of crashes, fatalities, and violations.

B.2 CONTRACT TYPE

The District contemplates award of one or more firm-fixed price contracts, each with a three (3) year base period and two one (1) year options for the requirements stated in the schedule below. The District will accept proposals for one or more Contract Line Items in the schedule below. An offeror who submits a proposal for one or more types of Enforcement Units must also submit offers for documentation and training on maintenance and operation and for additional rechargeable batteries.

C.4 BACKGROUND

The primary aim and focus of the District's photo enforcement program is to provide consistent enforcement of traffic regulations to reduce crashes, injuries and fatalities. The Metropolitan Police Department (MPD) began issuing photo-enforced red light violations in August, 1999 and photo-enforced speeding violations in August, 2001. Red light cameras are connected to an intersection traffic controller and communicate with vehicle detection devices to capture data, images and video of vehicles passing the violation point at an intersection after the light has turned red. Stationary and vehicle-based speed cameras use RADAR to detect the vehicle's speed and capture data and images. The District currently has fifty-two (52) red light camera units, ten (10) stationary speed units, and deploys up to twenty-one (21) vehicle-based speed units three (3) shifts a day, Monday through Saturday.

Instead, they should advise the Contracting Officer, Information Technology Group, Office of Contracting and Procurement, 441 4th Street, N.W., Suite 700 South, Washington, D.C. 20001, Telephone No. (202) 727-0252, by letter or postcard whether they want to receive future solicitations for similar requirements. It is also requested that such recipients advise the CO of the reason for not submitting a proposal in response to this solicitation. If a recipient does not submit an offer and does not notify the CO that future solicitations are desired, the recipient's name may be removed from the applicable mailing list.

L.6 RESTRICTION ON DISCLOSURE AND USE OF DATA

- L.6.1** Offerors who include in their proposal data that they do not want disclosed to the public or used by the District except for use in the procurement process shall mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the District and shall not be duplicated, used or disclosed in whole or in part for any purpose except for use in the procurement process.

If, however, a contract is awarded to this offeror as a result of or in connection with the submission of this data, the District will have the right to duplicate, use, or disclose the data to the extent consistent with the District's needs in the procurement process. This restriction does not limit the District's rights to use, without restriction, information contained in this proposal if it is obtained from another source. The data subject to this restriction are contained in sheets (insert page numbers or other identification of sheets).

- L.6.2** Mark each sheet of data it wishes to restrict with the following legend:

"Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal."

L.7 PROPOSALS WITH OPTION YEARS

The offeror shall include option year prices in its price/cost proposal. An offer may be determined to be unacceptable if it fails to include pricing for the option year(s).

L.8 PROPOSAL PROTESTS

Any actual or prospective offeror or contractor who is aggrieved in connection with the solicitation or award of a contract, must file with the D.C. Contract Appeals Board (Board) a protest no later than ten (10) business days after the basis of protest is known or should have been known, whichever is earlier. A protest based on alleged improprieties in a solicitation which are apparent at the time set for receipt of initial proposals shall be filed with the Board prior to the time set for receipt of initial

proposals. In procurements in which proposals are requested, alleged improprieties which do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested no later than the next closing time for receipt of proposals following the incorporation. The protest shall be filed in writing, with the Contract Appeals Board, 441 4th Street NW, Suite 350N, Washington, D.C. 20001. The aggrieved person shall also mail a copy of the protest to the Contracting Officer for the solicitation.

L.9 SIGNING OF OFFERS

The offeror shall sign the offer and print or type its name on the Solicitation, Offer and Award form of this solicitation. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the Contracting Officer.

L.10 UNNECESSARILY ELABORATE PROPOSALS

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the offeror's lack of cost consciousness. Elaborate artwork, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor desired.

L.11 RETENTION OF PROPOSALS

All proposal documents will be the property of the District and retained by the District, and therefore will not be returned to the offerors.

L.12 PROPOSAL COSTS

The District is not liable for any costs incurred by the offerors in submitting proposals in response to this solicitation.

L.13 ELECTRONIC COPY OF PROPOSALS FOR FREEDOM OF INFORMATION ACT REQUESTS

In addition to other proposal submission requirements, the offeror must submit an electronic copy of its proposal, redacted in accordance with any applicable exemptions from disclosure in D.C. Official Code §2-534, in order for the District to comply with §2-536(b) that requires the District to make available electronically copies of records that must be made public. The District's policy is to release documents relating to District proposals following award of the contract, subject to applicable FOIA exemption under §2-534(a)(1).

L.15 ACKNOWLEDGMENT OF AMENDMENTS

The offeror shall acknowledge receipt of any amendment to this solicitation (a) by signing and returning the amendment; (b) by identifying the amendment number and date in the space provided for this purpose in Section A, Solicitation, Offer and Award form; or (c) by letter, telegram or e-mail from an authorized negotiator. The District must receive the acknowledgment by the date and time specified for receipt of proposals. An offeror's failure to acknowledge an amendment may result in rejection of its offer.

L.16 BEST AND FINAL OFFERS

If, subsequent to receiving original proposals, negotiations are conducted, all offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. Best and final offers will be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provisions of the solicitation. After receipt of best and final offers, no discussions will be reopened unless the CO determines that it is clearly in the District's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify contractor selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all offerors still within the competitive range.

L.17 LEGAL STATUS OF OFFEROR

Each proposal must provide the following information:

Official Code §47-2862, if the offeror is required by law to make such certification. If the offeror is a

corporation or partnership and does not provide a copy of its license, registration or certification to transact business in the District of Columbia, the offer shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and

- L.17.3** If the offeror is a partnership or joint venture, the names and addresses of the general partners or individual members of the joint venture, and copies of any joint venture or teaming agreements.

L.18 FAMILIARIZATION WITH CONDITIONS

Offerors shall thoroughly familiarize themselves with the terms and conditions of this solicitation, acquainting themselves with all available information regarding difficulties which may be encountered, and the conditions under which the work is to be accomplished. Contractors will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

L.19 GENERAL STANDARDS OF RESPONSIBILITY

The prospective contractor must demonstrate to the satisfaction of the District its capability in all respects to perform fully the contract requirements; therefore, the prospective contractor must submit the documentation listed below, within five (5) days of the request by the District.

L.19.8 If the prospective contractor fails to supply the information requested, the CO shall make the determination of responsibility or non-responsibility based upon available information. If the available information is insufficient to make a determination of responsibility, the CO shall determine the prospective contractor to be non-responsible.

L.20 PRE-PROPOSAL CONFERENCE

A pre-proposal conference will be held at 11:00am on Monday, June 27, 2011, at the Metropolitan Police Department, Photo Enforcement Facility, 3165 V Street, N.E., Washington, D.C. 20018. Prospective offerors will be given an opportunity to ask questions regarding this solicitation at the conference. The purpose of the conference is to provide a structured and formal opportunity for the District to accept questions from offerors on the solicitation document as well as to clarify the contents of the solicitation. Attending offerors must complete the pre-proposal conference Attendance Roster at the conference so that their attendance can be properly recorded.

Impromptu questions will be permitted and spontaneous answers will be provided at the District's discretion. Verbal answers given at the pre-proposal conference are only intended for general discussion and do not represent the District's final position. All oral questions must be submitted in writing following the close of the pre-proposal conference but no later than five working days after the pre-proposal conference in order to generate an official answer. Official answers will be provided in writing to all prospective offerors who are listed on the official offerors' list as having received a copy of the solicitation. Answers will be posted on the OCP website at www.ocp.dc.gov.

SECTION M: EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract(s) for each type of Enforcement Units will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of an award. Rather, the total scores for each proposed type of Enforcement Units will guide the District in making intelligent and separate award decisions based upon the evaluation criteria.

M.2 TECHNICAL RATING

M.2.1 The Technical Rating Scale is as follows:

<u>Numeric Rating</u>	<u>Adjective</u>	<u>Description</u>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

M.2.2 The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the offeror's score for each factor. The offeror's total technical score will be determined by adding the offeror's score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good," then the score for that evaluation factor is 4/5 of 40 or 32.

Solicitation No. DCTO-2011-R-0022
MPD Photo Enforcement Units

M.2.3 If subfactors are applied, the offeror's total technical score will be determined by adding the offeror's score for each subfactor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good" for the first subfactor and "Poor" for the second subfactor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.

M.3 EVALUATION CRITERIA

Proposals will be evaluated based on the following evaluation factors in the manner described below:

M.3.1 TECHNICAL CRITERIA (65 POINTS MAXIMUM)

M.3.1.1 These factors consider the Contractor's technical solution to the requirements listed in Section C, Description / Specifications / Work Statement for each CLIN. These factors also consider the Contractor's past performance and experience in delivering equipment similar to the required units as described in Section C, including timeliness in product delivery, business practices, and overall customer satisfaction with the Contractor's performance.

M.3.1.2 TECHNICAL SOLUTION (65 POINTS MAXIMUM)

The Contractor's description of each type of equipment proposed will be separately evaluated and scored based on the requirements in Section C.5 and the requirements in the associated RFP section for that type of unit. For example, each submittal for portable intersection photo enforcement units will be evaluated using the requirements in Section C.5, Section C.6, and Section C.13. A perfect score for one type of equipment (for example, the portable intersection photo enforcement unit described in section C.6) would be 50 points for Section C.5, 10 points for C.6, and 5 points for C.13, for a total of 65 points.

M.3.1.2.1 Factor A (50 Points Maximum). Proposals will be evaluated on how closely the Contractor's proposed solution satisfies the stated requirements in Section C.5 for each submitted type of equipment. Section C.5 contains specifications that are required for each type of Enforcement Unit in this procurement and the proposed maintenance and warranty. The subfactors A-1 through A-4 are listed in order of importance. The maximum points that may be awarded under Section C.5 is 50 points and will include evaluation of submitted samples of data, images and videos.

M.3.1.2.1.1 Subfactor A-1 (20 Points Maximum). Proposals will be evaluated, for each type of submitted equipment, on the Contractor's ability to capture violations that meets specifications, including data, video and image samples provided in proposal that pertain to the stated requirements in Section C.5.2.

Solicitation No. DCTO-2011-R-0022
MPD Photo Enforcement Units

- M.3.1.2.1.2** Subfactor A-2 (15 Points Maximum). Proposals will be evaluated on the Contractor's ability to provide equipment that meets specifications that pertain to the stated requirements in Section C.5.1.
- M.3.1.2.1.3** Subfactor A-3 (10 Points Maximum). Proposals will be evaluated on the Contractor's ability to transfer data, images and video to the District's ticket processing system server that meets specifications that pertain to the stated requirements in Section C.5.4.
- M.3.1.2.1.4** Subfactor A-4 (5 Points Maximum). Proposals will be evaluated on the Contractor's ability to maintain equipment that meets specifications that pertain to the stated requirements in Section C.5.3.
- M.3.1.2.2** Factor B (10 Points Maximum). Proposals will be evaluated on how closely the Contractor's proposed solution satisfies the stated requirements in Sections C.6 through C.12, which contain specifications that pertain to the type of Enforcement Units required by those sections. A maximum of 10 points may be awarded for each of the types of equipment in Section C.6 through C.12.
- M.3.1.2.3** Factor C (5 Points Maximum). Proposals will be evaluated on how closely the Contractor's proposed solution satisfies the stated requirements in Section C.13, which contains specifications related to training and documentation. A maximum of five (5) points will be awarded for Section 13.

M.3.2.1 The District, utilizing the Past Performance Evaluation form, Attachment J.10, will solicit Past Performance Evaluations from a minimum of three (3) references, for similar work during the past three (3) years, provided by the Offeror in the Experience Questionnaire (Attachment J.9). The information obtained from the completed Past Performance Evaluation forms will facilitate the District's evaluation of the above factors relevant to the Offeror's delivery of similar products and services within the past three (3) years as described in Section C of this solicitation.

M.3.2.2 The District will only discuss Past Performance information directly with the prospective contractor that is being reviewed and with the prospective contractor's previous customers.

M.3.3 PRICE CRITERIA (25 POINTS MAXIMUM)

The price evaluation will be objective. The offeror with the lowest price for each type of Enforcement Unit will receive the maximum price points. All other proposals will receive a proportionately lower total score. The following formula will be used to determine each offeror's evaluated price score:

$$\frac{\text{Lowest price proposal}}{\text{Price of proposal being evaluated}} \times \text{weight} = \text{Evaluated price score}$$

M.3.4 PREFERENCE POINTS AWARDED PURSUANT TO SECTION M.5.2
(12 POINTS MAXIMUM)

M.3.5 TOTAL POINTS (112 POINTS MAXIMUM)

Total points shall be the cumulative total of the offeror's technical criteria points, price criterion points and preference points, if any.

M.4 EVALUATION OF OPTION YEARS

The District will separately evaluate offers for award purposes, for each type Enforcement Unit by evaluating the total price for all options as well as the base years. Evaluation of options shall not obligate the District to exercise them.

M.5 PREFERENCES FOR CERTIFIED BUSINESS ENTERPRISES
